

They think it's all over 2010

7-7.30pm JULY 2nd
- 3.00pm JULY 4th

This weekend is pure therapy for overworked brains and stressed out, sleep deprived bodies that are aged 16 - 23 and have just finished exams. (Non-exam people can still apply)

On the basis that the weather will be fantastic, we are going to get out there to enjoy God's wonderful world and particularly, **SOME ADVENTURE ACTIVITIES WILL BE AVAILABLE BOTH INDOORS AND OUT, BUT THESE ARE VOLUNTARY.**

On the basis that the weather might not be fantastic after all, we will have a "Plan B" that will be guaranteed to please.

An additional activity for 2010 is **MORE** mosaic making! **TO COMPLETE THE 12 400mm**

square mosaic panels for the floor in **THE CONSERVATORY** this is a chance to exercise skill, creativity and to have a chance to chat.

ALSO Rocketry with proper flames out of the bottom (no not yours!)/come down on a parachute type!

There will be a lot of old friends here, but hopefully you'll find some new ones, so if you haven't been on a Peak Centre event before don't worry, you will be made very welcome and included from the word go.

The Peak Centre is a Christian centre and we will be sharing night prayers each night and a final act of worship on the Sunday afternoon.

Cost is £45

THIS IS FIRST COME, FIRST SERVED, so don't hesitate to book in **EARLY!**
